PRODUCT BULLETIN

24(c) Supplemental Label

CAUTION
Si usted no entiendo la etiqueta, busque a alguien para que se la expliqué a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

Follow all applicable directions, restrictions and precautions on the EPA registered label. This labeling must be in the possession of the user at the time of pesticide application.

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF DELAWARE

DIRECTIONS FOR USE
It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

This label for Phostrol expires and must not be distributed or used in accordance with this SLN registration after June 1, 2008

Direction For Use
For control of downy mildew control in beans (Lima, Snap and Dry) caused by *Phytophthora phaseoli*, Phostrol must be applied before disease symptoms appear. **Ground Application:** Apply 4.0 pints / 20 gallons water / acre every seven days. **Aerial Application:** Apply 4.0 pints / 5 gallons water / acre every seven days. The number of applications will depend on how long favorable conditions for infection persist and / or if downy mildew is present in the area.

Note: Do not exceed four applications per season.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Do not apply this product in a way that will contact workers or other persons either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Applicators and other handlers must wear:
- Long-sleeved shirt and long pants
- Chemical resistant gloves made of any waterproof material
- Shoes plus socks
- Protective eyewear

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.
**USER SAFETY RECOMMENDATIONS**

Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specified instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), restricted entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow entry into treated areas during the restricted entry interval (REI) of 4 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil or water is: coveralls over shore-sleeved shirt and short pants, waterproof gloves, chemical-resistant footwear plus socks, chemical-resistant headgear for overhead exposure and protective eye wear.
